Nicola Marangoni

Born on: 26. October 1972 Von-Der-Pfordten-Str. 30, D-80686 München

Nationality: Italian Mobile: +49 176 70589066

Education: MSc. E-mail: <u>nicola.marangoni@gmail.com</u>

Work Experience: 15 Years Web page: http://marangoni.io

Skype: nicola.marangoni

Technical Skills		
Methodical	Relational Database Design	Expert
Knowledge	Administration and Tuning of Oracle Databases	Experienced
	Reporting und OLAP	Expert
	Project Management, Requirement Analysis	Experienced
Big Data	Hortonworks and Cloudera Distributions	Expert
	HDFS, Spark, Hive, Impala, FLume	Expert
Relational Databases	Oracle, SAP HANA, Microsoft SQL Server, MySQL	Expert
	PostgreSQL, IBM DB2	Experienced
	Teradata, ExaSol, Informix, Netezza	Basic Knowledge
Database Languages	SQL, Oracle PL/SQL, SAP SQLScript, T-SQL	Expert
ETL Applications	SAP DS, Oracle Warehouse Builder	Expert
	Microsoft SSIS, Informatica, Talend	Experienced
BI Applications	Cognos, SAP BO	Expert
	Microsoft SSRS und SSAS	Experienced
Programming	Java Platform (Java SE, Java EE), Scala	Expert
	Php, Perl, Python, Shell	Experienced
	Web and XML Technologies (HTML, JavaScript, AJAX)	Experienced
Development Tools	Eclipse, Netbeans, Maven, Gradle, Git, Subversion, Jenkins	Experienced
Special Interests	Open Source Software, Social Media, Cloud Computing	
Business Skills		
Themes	CRM, Risk Management, Customer Decisioning	Expert
	Campaign Management	Experienced
	Controlling, Billing, Real-Time BI and DWH	Experienced
Industries	Telecommunications, E-Commerce	Expert
	Pharmacy, Chemistry, Logistics	Experienced

Work Experie	ence	
2013-05 » today	Msg systems – Mun	ich
	Senior Consultant in the fields of Data Warehousing and Business Intelligence	
	With focus on Microso	ft and SAP products.
	Involvement in projects with the role of data warehouse designer/architect and back-end specialist.	
	2015-12 » Now	Automotive
		Definition of architectural guidelines for a Big Data application
		Roles:
		Architecture, Hadoop Specialist
	2015-04 » 2015-11	Internet company
		Customizing of a software platform for online-surveys
		Roles:
		PHP Development, Software Engineering
	2014-04 » 2015-03	Internal project – Hadoop Cluster
		Training in the Hadoop Technologies.
		Installation and configuration of the Hadoop-distribution Hortonworks on a cluster with several nodes for training and show cases.
	2014-04 » 2015-03	Presales activities
		Involvement in the preparation of several offerings.
	2013-10 » 2014-03	Finance
		Design and development of a database auditing solution for SQL Server on the basis of T-SQL stored procedures.
		Design and development of ETL routines with SSIS and reports with SSRS.
		Roles:
		Requirement analysis
		T-SQL- and ETL-development
		Reporting
	2013-06 » 2013-09	Internal project – BI-Labs
		Installation and configuration of BI products on several virtual machines for training and show cases:
		Datenbanken: Oracle, SQL Server, DB2
		ETL: Informatica PC, SAP DS, Oracle DI, IBM DataStage
		Reporting: SAP BO, IBM Cognos
2012-08 » 2013-01	Payback - Munich	
	Senior DWH Engineer programs.	in a leading company specialized in customer rewarding

2011-01 » 2012-07	Kabel Deutschland	– Unterföhring (near Munich)
	Senior ETL Developer	r in a leading cable-tv and telecommunication company.
	Roles:	
	Design and developm quality check.	nent of key software solutions for data replication and data
	Definition of the soft	ware architecture of the back end applications.
2004-10 » 2010-12	SHS VIVEON - Mun	nich
	Senior Consultant in with focus in CRM an	the fields of Data Warehousing and Business Intelligence d Risk Management.
		cts concerning Customer Decisioning and Customer Profiling cations and e-commerce branches.
	Design and developm intelligence systems.	nent of state-of-the-art data warehouses and business
		warehousing and business intelligence projects with the use architect/designer.
